

# FIZA K

DOTNET Developer

📍 Chennai, India 📞 +91 9384630191 ✉ fizasfik@gmail.com 🔗 [linkedin.com/in/fiza-k-3453561a1](https://www.linkedin.com/in/fiza-k-3453561a1)

---

## SUMMARY

Dynamic and results-driven dot net developer with around three years of industry experience involved in analysis, design, and development phases of software development by leveraging my considerable knowledge and abilities in the area. To be on the cutting edge of technological advancements in the .Net ecosystem, seeking opportunities to work with cross functional teams and take on difficult projects seeking the opportunities to consistently improve my abilities and create incremental value to the organization.

---

## CAREER HIGHLIGHTS

- **Technical Project Delivery:** Developed and delivered .NET-based web and console applications, ensuring timely project completion.
  - **Process Automation and Cost Savings:** Implemented Task Scheduler and windows service applications, automating processes and achieving significant time and cost savings.
  - **Customer Satisfaction and User Experience:** Enhanced user experience and satisfaction through feature implementation, performance optimization, and issue resolution.
  - **Agile Methodologies Expertise:** Continuous improvement and proficient in Agile methodologies, driving successful project outcomes throughout the software development lifecycle.
  - **Project Management and Collaboration:** Provided valuable technical insights and recommendations in project planning meetings, fostering collaboration and success. Utilized Azure DevOps boards for effective project task tracking, user story management, and backlog prioritization.
  - **Stakeholder Communication and Expectation Management:** Maintained transparent communication with stakeholders, managing expectations and ensuring project transparency. Regularly provided updates on project progress, addressed concerns, and sought feedback to ensure stakeholder satisfaction.
-

- **English:** Full Professional.
- **Hindi,** Tamil, Urdu: Native/Bilingual.

## WORK EXPERIENCE

**Software Engineer , Neurealm (formerly GAVS Technologies Pvt. td)**

**Sep 2022 - Present**

Client : Frontier Airlines - USA Dot Net Developer

- Developed, enhanced, and maintained web and console applications using Dot Net technologies (C#, ASP.NET, .NET Core, API) along with HTML, CSS, JavaScript, and SQL. Collaborated with cross-functional teams to gather and analyse project requirements, translating them into technical specifications and delivering high-quality software solutions.
- Participated in all phases of the software development lifecycle, including requirements gathering, design, development, testing, and deployment. Successfully delivered multiple projects on time and within budget, meeting client expectations and quality standards.
- Worked with SQL server database to design and optimize database schemas, write complex queries, and ensure data integrity.
- Collaborated with QA teams to perform testing and debugging, ensuring the delivery of reliable and bug-free software applications.
- Automated processes through multiple Task Scheduler applications, reducing manual effort and utilized Globalscape EFT tool for secure file transfer to vendors. Also, resolved technical issues as a support engineer, providing timely and efficient client support.

---

## SKILLS

- Programming Languages: C#, SQL
- Frameworks: ASP.NET, ASP.NET MVC, ASP.NET CORE, Web API
- Databases & Tools: MS Office, MS SQL, MySQL, Globalscape EFT, Postman, SoapUI, Swagger, ServiceNow, WinSCP
- Web Technologies: HTML, CSS, JavaScript, jQuery, Razor pages
- Cryptography and Security Tools: GPA (GNU Privacy Assistant), GNU Privacy Guard (GnuPG), and Kleopatra
- Development Tools: Visual Studio, Visual Studio code, SQL Server Management Studio
- Project tracking Tool: Azure DevOps, Git (Version Control)
- AI Tools: ChatGPT, GeminiAI, GitHub Copilot, Grok AI, Mermaid chart, Perplexity
- Strong problem-solving and analytical skills
- Excellent communication and collaboration abilities
- Attention to detail and commitment to delivering high-quality work
- Agile methodologies (Scrum, Kanban)

---

## ACHIEVEMENTS

**Neurealm ( formerly GAVS Technologies Pvt. Ltd)**

- Won Star performer of the quarter Q2, 2023 and 2024
- Won cash reward for successful completion of the Globalscape EFT tool upgrade activities Q2 2024
